# Fifth Grade - Foxed Out

Thursday, May 14, 2020

Unfortunately, Foxed In couldn't happen this year. However, we still wanted you to have those fifth-grade experiences! So, the 5<sup>th</sup> grade teachers created a virtual Foxed Out for you to complete today rather than "boring" classwork!

## What is Foxed Out?

Foxed Out is in place of Foxed In. We took the main activity we were going to do with you on that night and turned it into something you can complete at home! It's going to be a fun alternative to our normal classwork and we hope you enjoy!

## How will it work?

- You will use GooseChase to complete different activities created by your teachers. With each activity you complete you will earn points. We will honor the top three scorers on Edmodo at the end of the school day (3:30pm).
- Activities will be open at 9am and close at 3pm.
- Which means you need to get up early to get more activities done!

Below you will find helpful steps to assist you in getting ready for the Foxed Out. Please read and complete STEP 1 prior to Thursday at 9am.

Follow These Steps
